

# RAW

Crudo, bruto, puro, tosco, sin pulir, fuerte... Echamos la vista atrás para rescatar uno de nuestros formatos emblemáticos, una pieza 4x4 ondulada. Inspirados por los materiales tradicionales, reivindicamos lo vernacular, buscando volver a lo natural, a lo esencial. Es nuestra colección más natural

RAW nace de un guiño a nuestro pasado, que se tiñe de sostenibilidad y diseño contemporáneo, para aportar atemporalidad a los espacios buscando una sinergia entre tradición y diseño.

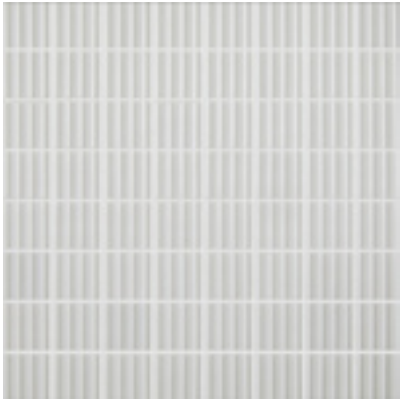

Incluye 8 modelos de mosaico que evocan las fibras naturales y elementos de la tierra. Productos 100% ecológicos e imperfectos que juegan con la curva y el movimiento gracias a su acabado ondulado.

Raw, rough, pure, brute, unpolished, strong... We're looking back to recover one of our most emblematic formats, a 4x4 undulated tile. Inspired in traditional materials, we're recovering the vernacular, returning to nature, to the essential. It's Hisbalit's most natural collection.

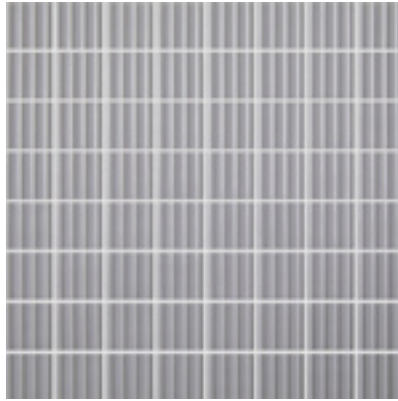

RAW is a tribute to the past, to sustainability and contemporary design, providing a timeless character to spaces seeking a synergy between tradition and design.

RAW includes 8 models of mosaic tile evoking natural fibres and earthy elements. A 100% eco-friendly product with slight imperfections and a nuanced interplay of curves and movement thanks to its undulated surface.
